

STAT 251 - Elementary Statistics

2021 Winter Term 2 (January- April, 2022)

This course will be online for a portion of the term. We will start in-person meetings on a date yet to be determined by the University. At the very earliest, this will be Jan 24th. This date may be updated as time goes on. When we resume in-person activities, we will meet in our scheduled classroom space on campus. For meetings prior to that time, we will meet on Zoom

Course Description: Probability, discrete and continuous random variables, probability distributions, estimation, hypothesis testing, analysis of variance, regression.

Learning outcomes: Detailed learning outcomes are provided on the course website

Prerequisites: One of MATH 101, 103, 105, 121, SCIE 001.

Instructor: Dr. W. A. Lasantha Premarathna (Email: wpremara@stat.ubc.ca). Please use the email only for personal matters that you would want to discuss with the instructor. Please use **office hours** and **Piazza Discussion Board** for questions regarding assignment problems/text book problems/labs class note examples etc.

Class Room: CIRS 1250 (Monday, Wednesday and Friday | **class time:** 8:00am-8:50am)

- **Lectures: First two weeks: online, after first two weeks: in-person.**
Zoom links are found through the zoom tab in the canvas page for the first two weeks.
- **Labs** (please see more information in the Canvas page)
- **office hours:** online (This might change: please see more information in the Canvas page)

Instructor Office Hours: online office hours (Zoom links are found through the zoom tab)

- 9:00am - 10:00am on Wednesday
- I am available after the class on Monday and Friday too, just after the class

Head TA: Ning Shen (email: ning.shen@stat.ubc.ca)

Teaching assistants& TA office hours: Online office hours will be held using Zoom. Zoom links are found through the zoom tab.

Course Website: canvas.ubc.ca

Please check the **Canvas** website regularly to keep up-to-date with the course. Everything you need will be available through Canvas and you should get familiar with all the tabs as soon as possible.

If you have any problems related to technical issues, please use **?Help** (see the left side menu in the Canvas course page) to report the problem or to contact IT service.

Textbook: Course notes (free, download from Canvas) Additional references: Any recent editions “Probability and Statistics for Engineering and the Sciences” (by J.L. Devore)

Chapters to be covered: 1, 2, 3, 4, 5, 6, 7, 8, 10, & 11

Detailed learning outcomes can be found on the course website. Refer to this document throughout the course to clarify the outcomes you are expected to attain for each section of the material.

Brief Course Description

- Descriptive Statistics (Ch. 1)
- Probability and probability models (Ch. 3)
- Random variables and distributions (Ch. 4-6)
- Central Limit Theorem (Ch. 7)
- Statistical estimation and hypothesis testing (Ch. 8)
- Analysis of variance (Ch. 10)
- Selected topics from regression (Ch. 2 & 11)

Course Assessment

Assessment	Date	Percentage
Class question (iClicker Cloud)	in-class	5%
WeBWork(x10)	See the schedule in canvas page	10%
Labs (x8)	See the schedule in canvas page	8%
Written Assignments (x2)	See the schedule in canvas page	10%
Midterm	Wednesday March 9 (8:00am – 8:50am) in-class exam	22%
Final Exam (must to pass the final exam to pass the course)	To be scheduled by Classroom Services. Exam schedule is released about 3 weeks before exams Exam period: April 12-27	45%

Bonus points: There will be opportunities for bonus point. 1 point will be given to the top 10 students that provide the best answers on Piazza discussion board.

Policy regarding missing the midterm:

1. There will be no make-up exam.
2. Students who miss an exam should notify the instructor prior to (if possible) or immediately after the exam. Students must supply a supporting document (for example, a doctor’s note will be sufficient in case of a medical emergency) within one week of the day of exam.

Deferred Exam Policy if you miss the Final Exam:

The policy (UBC policy) is that students who miss the final exam **MUST** report to their faculty advising office within 48 hours to apply for deferred standing. They must also notify the instructor to receive instructions as to when they will write their deferred final. But they will not be granted a deferred final unless they are granted deferred standing by their faculty advising office.

iClicker cloud: We will be using iClicker Cloud in lectures. iClicker Cloud is a response system that allows you to use your own computer or mobile device to respond to questions posed by instructors during class. You need to set up an iClicker Cloud account and add STAT 251 as a course to this account. To do so, please follow <https://lthub.ubc.ca/guides/iclicker-cloud-student-guide> for details.

Piazza Discussion Board:

You can use "Piazza Discussion Board" to post your questions. This is where you can discuss ideas, strategies, and resources for solving the problems with your classmates. Please DO NOT POST ANSWERS to the questions in the WeBWork assignments/written assignments and Labs before the due date. Instead, share your thoughts and approaches to solving the problems. Asking others how to solve a problem without first trying to solve it yourself will not be beneficial for your learning. TAs will not give the solution for assignments questions before the due date. But they will surely give hints as needed and let you know the correct directions. If you need more clarification, it's always better to contact TAs or me during our office hours. Don't expect TAs will answer all your questions posted in Piazza page. We are holding lots of online office hours. I highly encourage you to use online office hours. TAs are available on Zoom. Please go to "General Information: Labs" under "Labs" or "TA Office Hours (online)" to see when TAs are available during each day from Monday to Friday. If you have any problems or feedback for the developers, email team@piazza.com.

The 10 students that have answered the most statistics-related questions in a way that explains concepts well but does not reveal the answer to an assignment, lab, or webwork question will get a bonus 1 point added to their grade.

Access Piazza: Please go to "**Piazza**" in the left menu in the Canvas course page and it will open in a new window. Then you can sign up for the class page.

WeBWork:

Please see the WebWork assignments open and due dates in the Canvas course page.

Access WeBWork: Please go to "**WebWork**" in the left menu in the Canvas course page.

Labs: There are 8 Lab assignments. Please read more information about lab under "Labs" in Canvas course page.

Crowdmark: Crowdmark is an online grading and analytics application. You need to submit (upload) your answers to assignments in Crowdmark. Graded assignments will also be available one week after the due date. I will provide Crowdmark link when assignments are posted. You also will receive an email when a Crowdmark assignment available. If you cannot see STAT 251 course in Crowdmark, you are probably using the wrong email address. Then try with your other emails. The correct email will show you the STAT 251 course. If you still have problems, please contact lt.hub@ubc.ca. Do not use multiple email addresses to access Crowdmark. If you use multiple emails, your grade will not be correctly sync with the Canvas grade book. **Access Crowdmark:** you can see where to upload your assignment when they are ready. You will be able to access Crowdmark only when the first assignment is available there.

Covid Safety in the Classroom (when Classes are in-person)

Masks: Masks are **required** for all indoor public spaces on campus, including classrooms, as per the BC Public Health Officer orders and UBC policy. For our in-person meetings in this class, it is important that all of us feel as comfortable as possible engaging in class activities while sharing an indoor space. For the purposes of this order, the term “masks” refers to medical and non-medical masks that cover our noses and mouths. Masks are a primary tool to make it harder for Covid-19 to find a new host. You will need to wear a medical or non-medical mask for the duration of our class meetings, for your own protection, and the safety and comfort of everyone else in the class. You may be asked to remove your mask briefly for an ID check for an exam, but otherwise, your mask should cover your nose and mouth. Please do not eat in class. If you need to drink water/coffee/tea/etc, please keep your mask on between sips. Students who need to request an exemption to the indoor mask mandate must do so based on one of the grounds for exemption detailed in [the PHO Order on Face Coverings \(COVID-19\)](#). Such requests must be made through the Center for Accessibility (info.accessibility@ubc.ca).

Mask wearing protects you as well as others in your environment. Let’s do everything we can as a community to stop the spread of this virus.

Vaccination: If you have not yet had a chance to get vaccinated against Covid-19, vaccines are available to you, free, and on campus (<http://www.vch.ca/covid-19/covid-19-vaccine>) The higher the rate of vaccination in our community overall, the lower the chance of spreading this virus. You are an important part of the UBC community. Please arrange to get vaccinated if you have not already done so.

Seating in class: To reduce the risk of Covid transmission, **please sit in a consistent area** of the classroom each day. This will minimize your contacts and will still allow for the pedagogical methods planned for this class to help your learning.

Your personal health

- A daily self-health assessment is required before attending campus. Every day, before coming to class, complete the self-assessment for Covid symptoms using this tool: <https://bc.thrive.health/covid19/en>
- You can check this website to find out if you should self-isolate or self-monitor: <http://www.bccdc.ca/health-info/diseases-conditions/covid-19/self-isolation#Who>.
- Your precautions will help reduce risk and keep everyone safer. You can prioritize your health and still be able to succeed

If you do miss class because of illness:

- Make a connection early in the term to another student or a group of students in the class. You can help each other by sharing notes. If you don’t yet know anyone in the class, post on the discussion forum (Piazza) to connect with other students.
- Consult the class resources on Canvas.
- Use the online discussion forum (Piazza) for help.
- Come to online office hours (instructor and TAs) to contact us and discuss.

Academic Integrity: Class Policies on Exams and Assignments

Exams:

- Exams are in-person

Assignments/Canvas quizzes/WebWork/Labs:

- Discussion of ideas learned in class is encouraged (with other students, TAs or the instructor). This helps the learning process. But individual work turned in by each student should be your own work. Do not copy or paraphrase solutions from other students or from other sources. Do Not provide your solutions to another student. Failure to comply with these rules will result in an automatic 0 for your work, and additional academic penalties.

For more information, please see

Academic Honesty and Standards: <http://www.calendar.ubc.ca/Vancouver/index.cfm?tree=3,54,111,958>

Academic Misconduct: <http://www.calendar.ubc.ca/Vancouver/index.cfm?tree=3,54,111,959>

Disciplinary Measures: <http://www.calendar.ubc.ca/Vancouver/index.cfm?tree=3,54,111,960>

Note:

- Please check the Canvas course page regularly.
- No late submission (WebWork/Written Assignments/Labs/Exams) will be accepted.
- You are allowed to discuss lab assignment/WebWork/ Written Assignment questions with other students via Piazza discussion board. But DO NOT post answers in the Piazza page.
- Grades change request forms (for midterm and assignments) should be submitted within one week after grade released/post solution on canvas page. Remarking request should only be raised when you are sure that the markers have made a mistake in marking your paper when you compare your paper with marking scheme. Remarking is not meant to give students a way to ask for more marks
- I will not be able to answer your questions about assignment problems/text book problems/ class note examples etc. by emails. I hope you can understand that as there are around 600 students in my class in this term and how hard to explain answers to your questions through emails. Please use **online office hours** and **Piazza Discussions** for those kind of questions. Please use the instructor email only for personal matters (eg. if you are going to miss the midterm exam due to some unavoidable circumstance etc. or some other important matter related to the course) that you would want to discuss with the instructor. We are always there to help you guys during our (TAs and mine) online office hours.

Reach Out for Success

- University students often encounter setbacks from time to time that can impact academic performance. Discuss your situation with your instructor or an academic advisor. Learn about how you can plan for success at: www.students.ubc.ca
- For help addressing mental or physical health concerns, including seeing a UBC counsellor or doctor, visit: <https://students.ubc.ca/health-wellness>

Schedule: This is a tentative lecture schedule and may be subject to change. Any updates will be announced in class and/or posted on Canvas page

Week	Dates	Lectures	WeBWork	Labs
1	Jan 10 – Jan 14	Ch 1	No WW	No Labs
2	Jan 17 – Jan 21	Ch 1, 3	No WW	Lab 0
3	Jan 24 – Jan 28	Ch 3, 4	WW 1	Lab 1
4	Jan 31 – Feb 4	Ch 4	WW 2	Lab 2
5	Feb 7 – Feb 11	Ch 5, 6	WW 3	Lab 3
6	Feb 14 – Feb 18	Ch 6	WW 4	Lab 4
	Feb 21 – Feb 25	Mid-term Break	No WW	No Lab
7	Feb 28 – Mar 4	Ch 6, 7 Written Assignment 1 due on Mar 4	WW 5	No Labs
8	Mar 7 – Mar 11	Ch 7, 8 Midterm Wednesday, March 9	No WW	No Labs
9	Mar 14 – Mar 18	Ch 8	WW 6	Lab 5
10	Mar 21 – Mar 25	Ch 8,10	WW 7	Lab 6
11	Mar 28 – Apr 1	Ch 10, Ch 2-11 Written Assignment 2 due on Apr 1	WW 8	Lab 7
12	Apr 4 – Apr 8	Ch 2-11	WW 9, 10	Lab 8
	April 12 - 27	Final Exam Period		

- WeBWork assignments are due on Mondays (You have one week to complete a WW except the last one)
- Written assignments are published two weeks prior to the due date.
